Statement by Wesley W. Whitmyer, Jr., Attorney Of Record, in Support of Request to Withdraw Holding of Abandonment Under MPEP §711.03(c)(II)

Dear Sir:

The undersigned hereby states that an Office Action mailed April 25, 2007 was never received by the Attorney for the following reasons.

1. St. Onge, Steward, Johnston and Reens LLC (further referred to as "SSJR"), wherein the undersigned is a member of the firm, has been specializing in intellectual property law for more than thirty years and is intimately familiar with the established practice of the U.S. Patent and Trademark Office.
2. SSJR strictly adheres to its Docketing, Paper Handling And File Maintenance Procedure (further referred to as "Manual") which was last revised on November 6, 2002 and is attached hereto at Exhibit C.
3. All mail received by SSJR is first date stamped by a Docket Administrator who then reviews it for need of docketing. One of the required docket entrees is

Non-final Office Actions, as indicated by Manual (Exhibit C, §§A(1) & D(3)(b) at page 5).

4. A required docket entry includes a nature of action to be taken and due date which are electronically entered into a Calendar for Matter corresponding to an Attorney Docket Number, as is indicated on a cover sheet of an Office Action. Had the Office Action been received, both a written description of the action and a due date (July 25, 2007) for reply should have been entered into a Calendar for Matter, as required by Manual (Exhibit C, §A(4) at page 2). No such entry can be found in the Calendar for Matter of matter number 02581-P0316A (Exhibit D) which is the SSJR matter number for this application.

5. Each docketed paper is to be delivered to a Secretary of the attorney of record within a short period of time after it has been docketed and checked by the secretary for accuracy of docketing notation, as required by Manual (Exhibit C, §B(1) at page 3). Had any inconsistency been noticed, a paper should have been returned to the Docketing Administrator for correcting the Calendar of Matter (See Exhibit D). The Calendar of Matter does not indicate any corrections.

6. Had the Office Action reached the Secretary of attorney of record, it should have been added to a file jacket and given to the Attorney of Record for review, as required by Manual (See Exhibit C, §B(3) at page 3). Thorough examination of the file jacket reveals that the Office Action has not been added.

7. Had the Office Action been added to the file jacket, the Attorney of Record should have assured accuracy of docketing entries, as required by Manual (Exhibit C, §C(2) at page 3). The undersigned has not seen the file jacket until a Notice of Abandonment was received on or about November 19, 2007.

8. Had the Office Action avoided somehow all of the above-listed procedural guards and appeared on the Attorney's desk separately from the file jacket, the Attorney should have immediately contacted a Docketing Administrator, as required by Manual (Exhibit C, §C(3) at page 3). The undersigned has never contacted the Docketing Administrator in reference to this particular matter.

9. Had the Office Action been docketed but not delivered to the Secretary of attorney of record and/or Attorney of record, it would have appeared on the Daily Docket List on the due date for the 3 month and 6 month response. The Office Action does not appear on the Docket List for the 3 month due date (July 25, 2007), whether non-completed events (Exhibit E) or completed events (Exhibit F), or on the Docket List for the 6 month due date (October 25, 2007), whether non-completed events (Exhibit G) or completed events (Exhibit H).

10. I have never seen an Office Letter mailed on April 25, 2007 related to this matter.
